

Environmental Policy Statement

Macgregor Smith Ltd is an award winning landscape architectural consultancy offering a range of services including Masterplanning, Landscape Design and Environmental Impact Assessments. As such, protection and care for the environment are among our key responsibilities and an important part of the way in which we do business.

Macgregor Smith Ltd is aware of its continual impact on the environment through its activities including:

- The use of resources and raw materials;
- The consumption of water, electricity, gas;
- The disposal of wastes;
- Transportation

In this policy statement we commit our company to:

- Comply with all relevant environmental legislation, regulations, approved codes of industry best practice and customer requirements;
- Protect the environment by striving to prevent and minimise our contribution to pollution of land, air, and water;
- Keep wastage to a minimum and maximise the efficient use of materials and resources;
- Manage and dispose of all waste in a responsible manner;
- Provide training for staff working for and on behalf of Macgregor Smith to ensure working practices are consistent with the policy and within an environmentally aware culture;
- Regularly communicate our environmental performance to our employees and other significant stakeholders;
- Develop our management processes to ensure that environmental factors are considered during planning and implementation;
- Monitor and continuously improve our environmental performance in accordance with our environmental objectives and targets;
- Seek a partnership approach and co-operation with interested parties to resolve environmental issues.

The policy statement will be regularly reviewed and updated as necessary or when activities, products or services change. The management team endorses these policy statements and is fully committed to their implementation.
